

LIMITE DE UTILIZARE

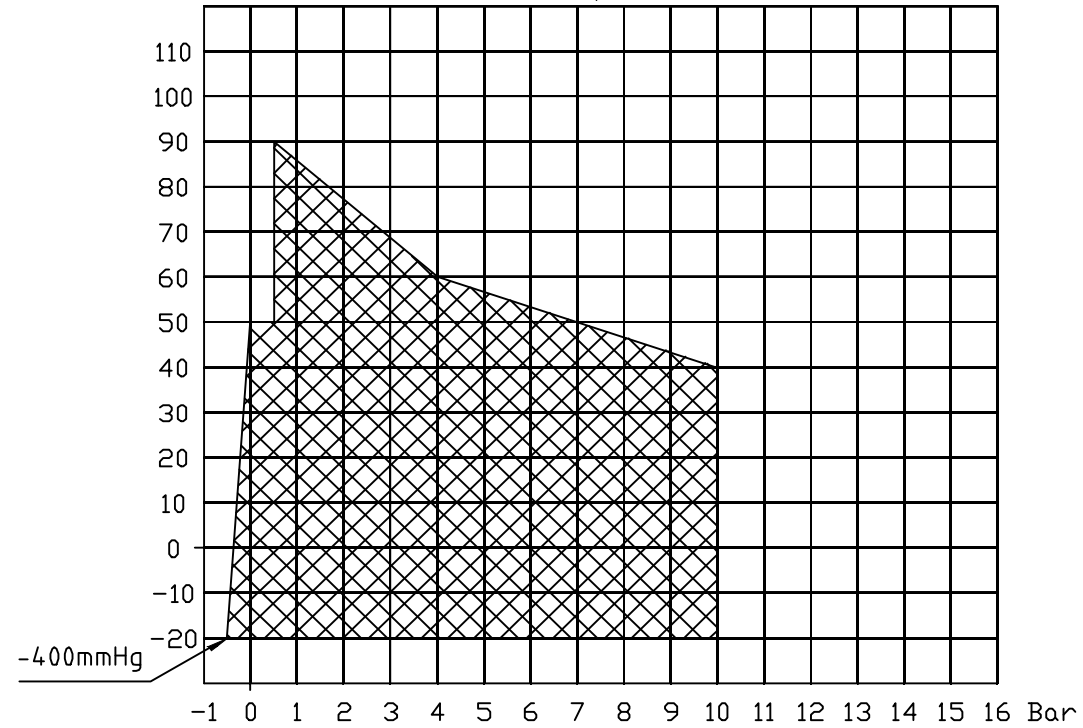

Apa, apa de mare, aer comprimat  
 Presiune de serviciu: 10[bar]  
 Presiune de distrugere: 50[bar]  
 Spatiu gol maxim: 400mmHg  
 Temperatura max.: -20°C...90°C

TESTARE

Rezistenta: 15[bar]  
 Aer: 7[bar]

| DN     | L   | Compresie | Intindere | Deplasare laterala | Deviatie unghiulara |
|--------|-----|-----------|-----------|--------------------|---------------------|
| 1/2"   | 200 | 22        | 6         | 22                 | 45°                 |
| 3/4"   | 200 | 22        | 6         | 22                 | 45°                 |
| 1"     | 200 | 22        | 6         | 22                 | 45°                 |
| 1 1/4" | 200 | 22        | 6         | 22                 | 45°                 |
